English text Buddy Axley, Jan Talafant & George Zmозek

Saul

I am here to take charge of everything.  
Since my faith, is a super-duper guarantee  
I'm the great Hebrew and Pharisee  
All of the solutions then will be found in me.

Council & Saul:

We will chase after this dull, cursed sect  
So that this plague will stop and  
These dogs will come to an end  
We will chase them from Damascus, Let's go,  
To protect our temple from this awful foe.

Saul:

Give me permission, with soldiers and sword  
It will take this force to overthrow this wild hoard.  
They confuse people with all of these things.  
This could cost us our heads, because Herod is king!

Together:

So cheer us on  
As we destroy this voice,  
For in the holy temple,  
There is only one choice  
To destroy all the fables, immediately  
So that one voice is heard in pure unity

Refrain – all choir:

We have power, we're the police.

When we will enforce the peace

We have power, We are the kings

Running, running, everything

Now you go, Saul, with the soldiers to Damascus

Don't fear!

Strike these rebels with everything

We are the kings and chiefs, and that will be clear

*Ending*

Rise up tomorrow, in force, and bring the rebels all here. Yeah!

*End here first Refrain*

*Repeat Refrain, Then sing ending 3 times*

/:Rise up tomorrow, in force, and bring the rebels all here. Yeah!:/
