

## 20. THERE ARE MANY OF US HERE

George Zmозek/Marcel Zmозek

English text Buddy Axley, Jan Talafant & George Zmозek

Paul :

Many are here, in this prison choir

Singing, this midnight hour

Let these gates open with all of Your power,

And Your love in this hour.

These chains that restrain us, these gates that retain us,

Fall down, so we can go free.

Break these gates open, with Your love, now break them all open.

By faith, we see, we're free

Paul & Christina:

We keep on waiting, yes, waiting and watching

The victory song is sung.

The time is now coming, while we are still singing

The gates are opening

These chains that restrain us, these gates that retain us

Fall down, so we can go free.

Break these gates open, with Your love, now break them all open.

By faith, we see, we're free

Paul, Silas, Christina & choir:

Our hearts are burning

and hurting and yearning

From prison, to be free.

Lord, give to us sinners your mercy, although we are many.

Oh, Lord, please set us free!

These chains that restrain us, these gates that retain us

Fall down, so we can go free.

Break these gates open, with Your love, now break them all open

By faith, we see, we're free.

By faith, we see, we're free.
